HAER No. WA-131-H

Pacific Creosoting Plant (Wyckoff Facility), Oil/Creosote Unloading Dock
5350 Creosote Place NE
Bainbridge Island
Kitsap County
Washington

John Stamets, Photographer

July 1996

<u>HAER NO.</u>	<u>DESCRIPTION</u>
WA-131-H-1	Full span of west side including bulkhead at shore end on right, as viewed from shore.
WA-131-H-2	Full span of east side including bulkhead at shore end on left, as viewed from boat.
WA-131-H-3	North (water) end as viewed from boat at minus tide. Oblique viewed including piling "dolphin" at left and part of east side of dock.
WA-131-H-4	South (shore) end of dock as viewed from shore looking north includes section of creosote pipe as it leaves the shore.
WA-131-H-5	Oblique view of east side as viewed from shore. This photo forms a panorama with photo WA-131-G-1, which shows the west dock from the same location.
WA-131-H-6	Detail of span's south trestle as it meets the bulkhead at the shore. View is from boat looking SW.
WA-131-H-7	Detail of span's middle trestle. View is from boat looking WNW.
WA-131-H-8	Detail of span's north trestle. View is from boat looking WNW.
